Preparing the Camera-Ready Paper for TELSIKS ′15 Proceeding of Papers

Zoran Z. Stankovic[1], Marija R. Milijic[2]

Abstract – **In this paper the instructions for preparing camera ready paper for the Conference TELSIKS ′15 are given. The recommended, but not limited text processor is Microsoft Word 97/2000/XP/2003. The global instructions for preparing paper with any text processor are given, too. For the LATEX users using the IEEEtran.sty is recommendable and it can be obtained from the IEEE web page http://www.ieee.org.**

Keywords – **Camera-ready paper, Proceedings of papers, TELSIKS ′15.**

I. INTRODUCTION

In order to achieve high quality of TELSIKS ′15 Proceeding of Papers the authors are requested to follow instructions given in this sample paper. The **deadline** for receiving of camera-ready papers is June 15, 2015. Maximal length of the regular papers is 4 pages, and 10 pages for invited papers. It is desired to occupy even number of pages (2 or 4 for regular and 8 or 10 for invited).

II. INSTRUCTIONS FOR AUTHORS

A. Page Layout

Times New Roman 10 pt font should be used for normal text. Please, equalise the length of the columns on the last page. Paragraphs should be indented 3.5 mm.

Manuscript has to be prepared in a two column separated by 5 mm. Paper must have text area of size $183{\times}243$ mm^2. The margins for A4 ($210{\times}297$ mm^2) and Letter format ($216{\times}279$ mm^2) of paper are given in Table I.

TABLE I
PAGE LAYOUT DESCRIPTION

Paper size	A4	Letter
Top margin	20 mm	20 mm
Bottom margin	34 mm	16 mm
Left margin	14 mm	17 mm
Right margin	14 mm	17 mm
Column Spacing	5 mm	5 mm

[1]Zoran Z. Stankovic is with the Faculty of Electronic Engineering, University of Nis, Aleksandra Medvedeva 14, 18000 Nis, Serbia, E-mail: zoran.stankovic@elfak.ni.ac.rs
[2]Marija R. Milijic is with the Faculty of Electronic Engineering, University of Nis, Aleksandra Medvedeva 14, 18000 Nis, Serbia, E-mail: marija.milijic@elfak.ni.ac.rs

B. Title, Author and Affiliation

Title must be written using 22 pt font, in two lines, centred. The spacing between title and authors line is 6 mm. Authors' names (without affiliation) should be typed using 14 pt font. Authors' affiliation (institution, address and e-mail) should be given in the bottom of the first column using 9 pt font. Please do not write telephone and fax number.

C. Abstract and Keywords

In the beginning of the paper abstract and keywords should be given. Abstract should be about 50 words. It is recommended to use up to 5 keywords. Please use 9 pt **bold** font for abstract and keywords, and 9 pt *italic* font for the words *"Abstract"* and *"Keywords"*.

D. Sectioning

Regular paper may be divided in a number of sections. Section titles (including references and acknowledgement) should be typed using 12 pt fonts in the SMALL CAPS option. For numbering use Times New Roman number. Only in invited paper sections can be split in subsection, which should be typed 10 pt *Italic* option. The space after section or subsection title is 4 mm. Spacing of 5 mm is used between the last section or subsection number and the next (sub) section title.

E. Equation

Equations should be centred and labelled. The example of equations is Eq. 1:

$$\frac{\partial^2 i}{\partial x^2} = \frac{LC}{(\Delta x)^2}\frac{\partial^2 i}{\partial t^2} + \frac{L}{(\Delta x)^2 R}\frac{\partial i}{\partial t} \tag{1}$$

Larger equation must be split in a multiple lines, as shown in the example of Eq. 2:

$$\varphi_0(s_n) + \gamma_0 \int_{s=0}^{s_n} \varphi_0(s)\cdot \mathrm{sh}\,\gamma_0(s_n - s)\cdot ds$$
$$+ \gamma_0^2 \int_{s=0}^{s_n} \prod_{s_n 0}(s)\cdot \mathrm{ch}\,\gamma_0(s_n - s)\cdot ds$$
$$= V_{en}\cdot \mathrm{ch}\,\gamma_0 s_n \tag{2}$$

F. Figures

Figures should be one column wide. If it is impossible to place figure in one column, two columns wide figure is allowed, but in this case figure must be located at the top of the page. Please do not use photocopies. Photographs must be made on a glossy paper. Each figure must have a caption under the figure. For the figure captions 9 pt font should be used.

Fig. 1. Figure example

An example is given in Fig 1. All figures must be mentioned in text.

G. Tables

Tables also should be made as one column wide. In some rare cases it is allowed to use two column wide tables at the top of the page. Tables must have caption located above the table. Table caption should be written using 9 pt SMALL CAPS font. Example is Table I given above.

H. Referring

When you refer to the equation, figure, table, section or literature reference in the text of the manuscript please use the following expressions: Eq. (1), Eqs. (1) and (2), Fig. 1, Figs. 1 and 2, Table I, Tables I and II, Section 1, Sections 1.1 and 1.5, [1], [2].

I. References

The examples for the referencing a journal paper, a conference paper, and a book according to IEEE transactions are given in REFERENCES Sections [1-3]. For the text in the references 9 pt font should be used.

III. ADDITIONAL REMARKS

The full paper must reach the Technical Program Committee no latter than **June 15, 2015**. The camera-ready paper must be sent **in both formats** listed below:

1. An original document written in one of the recommended text processors (Microsoft Word 97/2000/XP/2003, for example) (E-mail submission).

2. A camera-ready paper in Adobe PDF format (E-mail submission).

IV. CONCLUSION

In this paper the instructions for preparing camera-ready paper in order to be included in the Proceedings of Papers of the Conference TELSIKS ′15 are given.

ACKNOWLEDGEMENT

For the acknowledgement use the unnumbered section layout.
